

Managers Report for SEPT. 15, 2009

This month has been very busy with jetting sewer lines and repairing several old clay tile lines that been invaded with roots and broken. One down by the school required about 200 feet of 6 inch PVC and fittings it was about ten feet deep. It is now complete.

Tim Roberts passed his grade 1 operator exam easily and is studying for grade 2.

Bob Konopka passed his operating in training course with an average test grade of 95% and now is a grade 1 operator.

Eric Allen is now an operator in training. This is great as everyone on the sewer crew is now licensed with the Water Quality Board.

Tom Cannell General Manager
